THE SCENE OF WAR

Wires From There Have Been Practically Silent For the Past 24 Hours.

USE OF TELEGRAPH DISCONTINUED

This Silence It is Thought Indicates That Japan's Great Attack on Port Arthur is On.

Japanese Transports Carrying Troops Continue to Arrive at Chemulpo at the Rate of One a Day—Provisions Being Landed.

London, March 2.—No confirmation of the report published Tuesday in the Daily Telegraph that the Japanese had bombarded Port Arthur February 29 has been received from any point. The wires from the scene of war have been practically silent for the past 24 hours and in some quarters this silence is supposed to indicate that Japan's great attack on Port Arthur is actually in progress and that consequently the use of the wires has been discontinued.

In a dispatch from Shanghai a correspondent of the Daily Telegraph reports that the Japanese military authorities object to the installation of wireless telegraphy apparatus on newspaper dispatch boats.

The correspondent of the Daily Mail at Che Foo, who has just returned there from Chemulpo, Corea, cables that Japanese transports carrying troops continue to arrive at Chemulpo at the rate of one a day, while provisions are being landed near Hwangju (94 miles northwest of Chemulpo, at the head of the Tai-Dong river), where a large force of Japanese infantry has concentrated.

"A serious defect has been disclosed," the correspondent continues, "it is feared that most of the Japanese horses are unserviceable."

"The Japanese squadron at Chemulpo has been strengthened. A fleet of 12 battleships and cruisers has been stationed permanently in Prince Jerome gulf between Chebidoo island and the anchorage."

"Yesterday I saw a cruiser of the Nitaka type beached at the entrance of Nam-Yang creek. She was deserted except for a Japanese guard."

"The Koreans are hostile to the Japanese and they are assisting the Russians in Northern Korea."

Yin Kow, March 2.—Liao Mang, Manchuria, is now essentially a military city. An area comprising three and a third square miles adjoining the railroad has been enclosed for a military camp and magazine purposes. There is also a military camp at Hai Cheng, Manchuria (32 miles from New Chwang), which, with its defenses, covers 1,000 acres.

St. Petersburg, March 2.—A Russian correspondent at Shanghai telegraphs that it is reported at Tien-Tsin that 4,000 additional Chinese soldiers have been posted in Northern China and that the Chinese government has recently placed large orders for guns and ammunition.

ON COREAN SOIL.

The Japanese Have Landed at Least 80,000 Troops.

Victoria, B. C., March 2.—The royal mail steamer Empress of India arrived Tuesday night from Japan. The most interesting portion of her news from the Orient was that Japan was shipping vast numbers of troops by night across to Corea. No troops moved by day and no man knew when he would be called away. Officers were missed from the club and men from their accustomed haunts and the explanation was that they were summoned during the night and shipped aboard transports and destined for Corea. It is said by passengers who have been observing that Japan had at least 80,000 troops landed on the Korean shore when the Empress of India sailed and they were going over at night, many thousands at a time. It is understood that the dispatch of troops is to continue until 200,000 men are at the disposal of the Japanese generals at the front.

AMERICAN VESSELS.

Bill Passed Requiring Their Use in Transporting Supplies.

Washington, March 2.—Senate—The senate Tuesday passed the bill requiring the use of American vessels in transporting government supplies and took up the bill prohibiting the use of other than American vessels in shipping merchandise to the Philippines and relieving the inter-island trade of the Philippines from the exactions of the coastwise laws of the United States. The last mentioned requirement of the latter bill is already in force, in effect, but this measure en-

acts it in different form. The bill now pending as introduced provides that it shall go into effect July 1 next. Mr. Lodge, in charge of the measure, indicated a willingness to postpone the time for a year. The senate adjourned, however, without acting on either the bill or the amendment.

House—The house concluded general debate on the District of Columbia appropriation bill. A variety of subjects other than the bill were discussed. Mr. Sheppard (Tex.) spoke against the tariff; Mr. Adams (Pa.) in favor of restriction of immigration; Mr. Powers (Mass.) urged beautifying the national capitol and expressed the opinion that there would be disarmament by the nations of the world during the century. Mr. Williamson (Ore.) made his first speech in the house. He urged an appropriation for the Lewis and Clarke centennial exposition. Mr. McDermott (N. J.) made an anti-trust speech and asserted that the price of raw sugar had decreased since the passage of the Cuban reciprocity bill without a decrease in the price paid by the consumer. Mr. Miers (Ind.) discussed ship subsidy. Relief for the southern tobacco raisers was advocated by Messrs. Hopkins (Ky.) and Flood (Va.) through the repeal of the six cent per pound tax on stemmed and twisted tobacco.

MAKING WAR ON AMERICANS.

Wants United States to Assume Protectorate Over San Domingo.

New York, March 2.—Gen. Francisco Leonte Vasquez, formally Dominican consul here, and a brother of former President Horacio Vasquez, of San Domingo, asserts that he has documentary proof that the Jimenez revolutionists are deliberately making war upon Americans in the island in order that the United States government may be moved to interfere and assume a protectorate over the country.

Gen. Vasquez, who has just returned from San Domingo, asserts that this policy of the revolutionists explains the killing of the machinist, Johnstone, of the United States gunboat Yankee, and the firing on the Clyde line steamer New York by the revolutionists.

COURTS ABORIGINAL ATTIRE.

Lack of Wearing Apparel Held by New Yorker to Be Responsible for Health and Longevity.

The most eccentric character in all the vicinity of Clyde, N. Y., is Floyd Sickmond, or "Curly," as he is called, a robust man of past 60 years, whose boast is that he has not seen a sick day "in well-nigh onto 60 years." The year "round he travels about in his shirt sleeves and without a hat. For many years he also went barefooted, but of late, on account of advancing age, he has taken to wearing shoes during extremely cold weather.

"Curly" is an employee of the Clyde hotel, and in zero weather, while others are wrapped in furs, he may be seen driving through the streets without gloves, hat, or coat, apparently unmindful of the cold. He asserts that his mode of living is conducive to health and longevity. He comes of a frail family, but thwarted fate, he declares, by adopting a mode of dress as nearly aboriginal as the law would allow.

Death of Joseph Rhinock, Sr. Covington, Ky., March 2.—Joseph Rhinock, father of ex-Mayor Rhinock, passed away peacefully Tuesday morning at the St. Elizabeth hospital, aged 92 years. Mr. Rhinock came to America when 15 years old, locating in Owen county.

DOUBLE TRAGEDIES

Prisoner in the Jail at St. Clairsville, O., Shot and Killed Another Prisoner.

LATER WAS KILLED BY THE JAILOR

At Eiklin, W. Va., Louis Toureville Killed the Infant of John Meyer in Its Mother's Arms.

He Held Officers at Bay Until His Ammunition Was Nearly Exhausted and Then Blew Out His Brains With a Shotgun.

St. Clairsville, O., March 2.—Facing the certainty of his third term in state prison, Scott Neal, of Martins Ferry, charged with attempting to kill his wife, tried to shoot his way to liberty Tuesday night and was responsible for a bloody tragedy in the St. Clairsville jail corridor. Neal had secured possession of a revolver, and told James Sutton, a Belaire prisoner awaiting trial for two mysterious murders, of his intention. Sutton dropped a note from the window warning the jailer. Clyde Bulger, the jailer, entered the corridor to lock up the prisoners for the night and was accompanied by Sheriff Majors and two deputies. Neal realized that he had been betrayed and shot Sutton through the temple, killing him instantly. He then pointed his revolver at the jailer, demanding that he unlock the doors. Bulger grappled with him and with Neal's gun resting against his temple, whipped out his own revolver and shot Neal through the heart.

Eiklin, W. Va., March 2.—Jealousy and whisky were the causes of a double tragedy here Tuesday. Louis Toureville, who resides within the city limits, is dead, as is also the infant child of John Meyer, and Mrs. Toureville and Mrs. Meyer are seriously injured.

About 5 o'clock Tuesday afternoon Toureville went to his home and began bawling his wife and threatening to shoot her. She took refuge on the roof of the house, but being discovered by Toureville, the woman jumped to the ground and started for the woods, Toureville shooting at her as she ran. When opposite the home of John Meyer, Toureville encountered Mrs. Meyer with her infant child in her arms. His anger then turned to her and, accusing her of his trouble, he raised the pistol and fired. The ball struck the child in the neck, ploughed clear through it and wounded its mother in the cheek. Officers Simons and Kochenderfer immediately started to place Toureville under arrest, but he held them at bay until his ammunition was exhausted, when he fled into his own home and blew his brains out with a shotgun. At this time Mrs. Toureville is still in the woods and the extent of her injuries can not be learned. Mrs. Meyer's injuries will not necessarily prove fatal, although she has suffered severely from the shock.

MOTHER AND DAUGHTER.

They Attempted Suicide at the Same Hour and By the Same Method.

Kalamazoo, Mich., March 2.—Mrs. Edith Chapman and her daughter, Miss Cora Bessey, residing in different parts of this city, attempted suicide at the same hour and with the same kind of poison Tuesday night. The time selected by the mother and daughter to die was 12 o'clock. Certain troubles of the daughter, it is supposed, preyed on the mother's mind and they decided to die at the same time. The girl's marriage three years ago proved to be an unhappy one. Before her marriage she was a vaudeville actress of some reputation. The attending physicians say recovery is probable in both cases.

DOINGS IN THE LEGISLATURE.

Resolution to Investigate Expenditures of Commissioner of Agriculture.

The resolution was unanimously adopted. Bills passed: The house bill carrying out the provisions of the amendment to the constitution voted last fall as to license taxation in first-class cities; the house bill regulating the sale of fertilizers; the house bill to correct an error in the statute relating to licenses to hotels that operate bath-rooms. Senator Spence introduced a bill providing for a pension fund for crippled, disabled or retired policemen in second-class cities.

The joint session of the senate and house convened at noon, and the following was the vote in the state librarian's race: Miss Pauline H. Hardin (dem.), 101; Miss Pearl Hindman (rep.), 20. For prison commissioner, Geo. V. Green (dem.), 98; Henry S. Howes (rep.), 23. Senators Burham and Shadoan, republicans, voted for Miss Hardin on the ground of personal friendship.

SHINERS AND REVENUE MEN.

Unconfirmed Rumor That a Battle Raged Between Them.

Owingsville, Ky., March 2.—An unconfirmed rumor reached here Tuesday night that a battle was waged Tuesday in the mountains of Knott county between moonshiners and revenue men. According to the rumor William and John Haddix, moonshiners, were killed, and Jack Combs, moonshiner, was fatally wounded. The moonshiners were said to be working in a cave when surprised by the revenue men and resisted arrest. One deputy marshal was reported killed. The report has not yet been definitely confirmed.

The Missing Man is in Waco, Tex., in Good Health.

Waco, Tex., March 2.—Guy M. Deane, of Owensboro, Ky., is here in good health, visiting relatives. Mr. Deane politely declined to talk to reporters Tuesday night, as it was late before they located him.

His absence has caused uneasiness to those of his friends who did not know he intended visiting Texas, but explanations wholly satisfactory are said to have been sent by wire and mail.

COULD NOT AGREE.

Operators and Miners Failed to Come to Terms on the Wage Scale.

MATTER REFERRED TO COMMITTEE

It Will Hold Its First Session Wednesday, When Consideration of a Scale Will Be Continued.

It Is Likely the Greatest Strike, in Many Ways, in the History of Organized Labor Will Begin On April 1.

Indianapolis, Ind., March 2.—What amounts practically to good-bys between the operators and the miners of the central competitive district, comprising the states of Ohio, Indiana, Illinois and Western Pennsylvania, were spoken just before noon Tuesday.

If prophets can foretell anything, the greatest strike, in many ways, in the history of organized labor will begin on April 1.

The end probably means a strike. The only loophole is a compromise, which the operators might agree to, of a seven or eight cent reduction. President Mitchell, on the other hand, declared that he will stand for the present scale being maintained.

Arguments for and against the demands of the miners and operators were made after recess, W. S. Bogle, of Indiana, making the closing address for the operators. The question was then called on the adoption of Mr. Robbins' resolution for a reduction of 15 per cent. in wages. While the vote was being taken Mr. Robbins moved that the matter be referred to the scale committee, together with the entire question of fixing a scale and that the scale committee be not instructed except that it take into consideration in trying to fix a scale present conditions as they exist. President Mitchell explained to the miners that he did not think it made any difference whether the instruction clause carried or not. The motion prevailed and the convention adjourned till Thursday morning at 9 o'clock. The scale committee will hold its first session Wednesday when consideration of a scale will be continued.

Frank L. Robbins, leader of the operators, said Tuesday night:

"It looks like a strike to me, but no one can tell the result."

President John Mitchell refused to express himself on the situation outside the convention.

IN MEMORY OF HANNA.

Memorial Association Incorporated By Cleveland Citizens.

Cleveland, O., March 2.—The Marcus A. Hanna Memorial association was incorporated Tuesday at Columbus by several prominent citizens of Cleveland. The purpose of the association is to establish a chair of political science at Western Reserve university in memory of the late Senator Hanna. The incorporators will meet in a few days and choose a board of trustees, open an office in Cleveland and begin work for the collection of sufficient funds to endow the proposed chair. The movement was instituted by Rev. J. S. Rutledge and found immediate favor. The present movement is not intended to supersede any other memorial in stone or bronze that may be erected to Senator Hanna's memory, but is supplementary to such a proceeding. No statement has been made as to the amount of money necessary for the proposed chair.

The item printed in the Orangeburg news February 5th, having reference to Mr. and Mrs. Ab. Bramel's newly arrived bouncing baby boy with a heavy suit of jet black hair, was productive of a very unexpected result in the offer of a beautiful present and showing the power of a newspaper to disseminate information and bring quick results to those who are so wise as to court publicity. On Thursday, the 15th inst., a letter was received from Ballard & Ballard, flour merchants, Louisville, Ky., which in part is as follows:

"Mrs. Ab. Bramel—Dear Madam: We are pleased to hear of the new arrival in your home, and we write this letter to extend to the 'little stranger' our best wishes. We would esteem it a great favor if you would allow us to send free, with our compliments, a baby rattle made in the shape of a flour barrel. If you will fill in the enclosed postal giving name and address, we will forward one to you postpaid."

CHEWING GUM GIRLS.

And when I'd say good night,
Not a word from her would come;
She hadn't time to say good night,
But kept on chewing gum.

An interested observer recently noticed that nineteen out of twenty girls that he met on the streets and at places of amusement were chewing gum. In fact, it is asserted that certain bread and butter Misses chew gum on their way to and from church and Sunday school, depositing the "chaws" in their pockets on entering the sacred edifice, and resuming the process of mastication on arriving outside. He inquired of a dozen or more why they chewed, and was invariably answered with tilted nose and sentimental "because." "Because" is said by the highest known literary authority (Shakespeare), to be a woman's reason, but the inquirer thinks that it is very unreasonable for young girls just budding into womanhood, who should employ their time when not at school studying, or at home washing dishes, cleaning lamps or engaged in other household duties, in looking as pretty as pictures and keeping their weather eye open for their future happiness in the shape of a prospective husband, and not working their jaws in irregular undulations, like a cow chewing her cud. Oh girls, how could you, how could you!

A missionary rally was held at the Christian Church Thursday morning. Very few persons greeted the visiting ministers.

THINK
OF
YOUR TEETH!

Don't wait until a dental bill reminds you of neglect. A clean tooth might wear out; it cannot decay. Many who look after their teeth constantly fail in the selection of a proper brush. A brush to cleanse perfectly must have genuine bristles, just stiff enough, long enough and so trimmed as to reach every nook and cranny. We pride ourselves on our line of tooth brushes. They are honest, practical ones. We look out for the little points that mean much in tooth saving. We don't recommend the cheaper brushes, but for 25c. we can furnish the kind that will endure and that will do what they should while they last.

Our 35c. and 50c. brushes we guarantee to give satisfaction or money back.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

• CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him 'ORRINE.' He is now fully restored to health and has no desire for drink."

Mr. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of 'ORRINE' cured me of all desire and I now have the sweetest of liquor."

Price \$1 per box. Mailed in plain, sealed wrapper by Orrine Company, 317 14th St., Washington, D. C. Interesting book—Treatise on Drunkenness, (sealed) free on request.

As Well Out of the World
As Out of the Fashion!

After pursuing the policy of premium giving for several years we discarded it some time ago, but the custom has become so fixed in Maysville we find ourselves in odium for showing less generosity now than in the past, therefore a return to premium giving is announced to-day. Heretofore we have used a perforated ticket, but now we will issue

PREMIUM STAMPS

as a quicker and easier way to tally sales. We are in no way connected with any trading stamp concern. We supply our own books, stamps and premiums.

We only issue books for \$25, but we have premiums not alone for that amount, but for \$50, \$75 and \$100—the value of two, three and four books respectively. Small buyers who would be a long time filling several books are thus enabled to secure a handsome premium in a short time by filling one book, while others who shop for larger households can fill books rapidly and secure costlier premiums by having two, three or four redeemed.

Stamps are only given with cash purchases, never in settlement of bills, nor for cash sales after the day they are made. Adherence to these rules will prevent misunderstanding in the future.

Friday we will give \$1 worth of stamps to any one who asks for them. The premiums are now on display. Ask to see them.

Mr. Claude H. Tolle to Have Charge of the Knox Syndicate's Largest Store.

Mr. and Mrs. Claude H. Tolle, after spending a few days here with relatives, left this morning for St. Louis where Mr. Tolle becomes Manager of the Knox Syndicate store. This company owns sixty-three stores in the United States now, and the fact that the St. Louis house is expected to do the largest business this year is the strongest evidence of the confidence and esteem the owners place in Mr. Tolle. He has won rapid promotion since entering their employ and has had charge of their Buffalo store the last two or three years.

The position at St. Louis besides placing him in the World's Fair City during the great exposition insures him a very handsome income.

The many friends of Mr. and Mrs. Tolle are glad to learn of their continued good fortune.

"The Little Homestead."

The success of "The Little Homestead" which comes to the opera house to-night is due largely to the fact that no attempt is made to exaggerate what might have been an actual life story. The characters are taken from life and the pretty tale is but the simple, recital of chapters in a life's history—a play with the home as a central charm, from the pen of W. B. Patton, author of "The Minister's Son." Buy your seats at Ray's.

Brain Leaks.
LUXURY—Indulgence or gratification of taste or sense without benefit other than that of possession.
NECESSITY—Indispensable; requisite to contentment; an object necessary to well being.
INVESTMENT—The purchase of an article from which an income is derived.
PLEASURE—Gratification; enjoyment.
To Which Class Do Pianos Belong?
Most certainly not to the first-class, for there is much benefit in a piano other than that of mere possession!
Therefore, Pianos Are Not a Luxury.
At first glance it would not seem that they belonged to the second class either, yet a piano is "A REQUISITE TO CONTENTMENT." A piano is also "AN OBJECT NECESSARY TO WELL BEING." Yes, on second thought we believe that Webster would say that a piano was a necessity, especially to a well ordered household.
Pianos Are Surely a Good Investment.
The child derives a musical education that provides a sure, steady income, no matter what adversity overtakes it.
Pianos Are Certainly a Pleasure.
A piano affords untold enjoyment, and the gratification of knowing that you have secured your loved ones against adversity is certainly worth some effort.
The necessity of providing for adverse circumstances demands the pleasure of an investment in a piano.
